Listed on the U.S. National Register of Historic Places, the American Tobacco Campus (ATC) is located on the site of the historic one-million-square-foot American Tobacco manufacturing plant. The renovations continue and this campus is now a true **DESTINATION** for residents and visitors to live, work, and play.

With evenings on your own, take the opportunity to have dinner with clients and prospects at a wide variety of restaurants and cuisines available throughout the campus.

Many of the restaurants, including the Counting House, are located within some of Durham's most historic buildings. And, when you're finished with dinner, relax and wander around the campus and enjoy seasonal events including outdoor concerts.
